

THE PRESIDENT'S COMMENTARY

by Marvin Kropp,
President, Joint Council 13

On August 18, 2017, I witnessed a unbelievable event for the hardworking men and women in our state of Missouri. On that day labor union members, non-union workers, faith based groups, old, young, and all races came together in a tremendous turnout to stop the so called Right-To-Work legislation in our state. I have been

State Capitol Rally

a Teamster member for almost forty years and must say this unity by all put a lump in my throat to witness such an incredible action.

I cannot express the sincerest thank you to everyone that worked every day and every night to achieve our goal to collect enough signatures to stop this legislation, to try and name everyone would be impossible. Whether you collected five signatures, or a thousand you are just as important for the cause. I'm proud of our Teamster Joint Council 13 Members who could come today and be part of history. I'm proud of our Teamster drivers from Local 600 who delivered the petitions to the Secretary of State's office. I'm proud of our Teamster Horsemen who participated in escorting the petitions from St. Louis to the Capitol, I proud of every Teamster

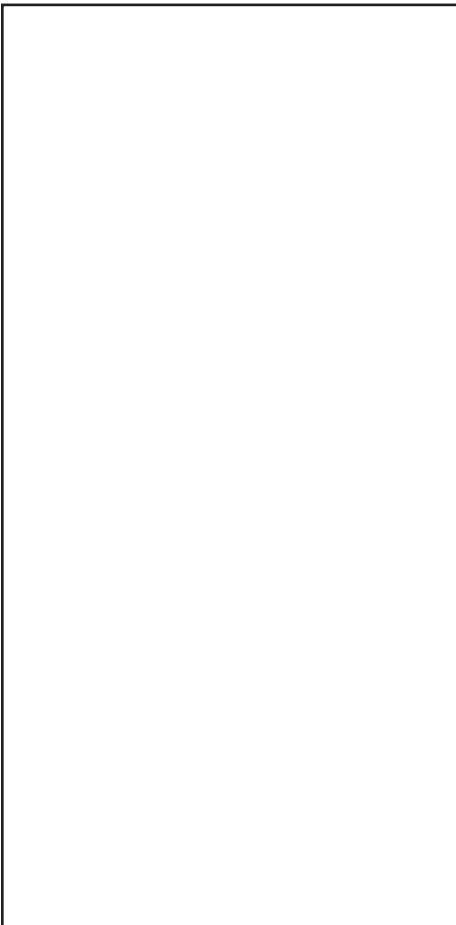

retiree some who came in wheelchairs to be there and every active member who lost a day's pay to be there. This was history!

For the first time ever in our state we collected over 300,000 signatures and enough in each Congressional Dist. to get RTW on the ballot in 2018 and let the people decide.

Our next part of the fight is just starting and we will win together in 2018. So once again to all my Brothers and Sisters I thank you for all you have done in this

first step of the fight. Our opposition started this and wanted a fight and they should know we haven't ever backed down from a good fight and never will. Remember Together We Win!

The Clean Missouri Initiative

We're taking a desperately needed legislative reform measure directly to voters to make our state government more transparent, limit the power of big money in our legislature, and ensure we're able to hold legislators accountable when they fail to act in the public interest.

Require that legislative records be open to the public by ensuring that the legislature operate under the same open records law as other public entities in Missouri

Require politicians to wait two years before becoming lobbyists after the conclusion of their final legislative session

Eliminate almost all lobbyist gifts in the General Assembly by banning any single gift worth more than \$5 — that means no more steak dinners, expensive booze, junkets or sports tickets. This rule would eliminate more than 99% of the lobbyist gift giving happening in Missouri.

Lower campaign contribution limits for state legislative candidates to limit the influence of big money and lobbyists in state government.

- Establish new campaign contribution limits for General Assembly candidates — \$2,500 for state senate, and \$2,000 for state house.

- Limit the ability of individuals and organizations to circumvent caps by counting money from single-source committees towards totals for original, actual donors.

- Stop legislative fundraising on state property.

Ensure that neither political party is given an unfair advantage when new maps are drawn after the next census by asking a nonpartisan expert to draw fair legislative district maps, which would then be reviewed by a citizen commission.

- Add fairness and competitiveness as required criteria for new district maps

- Protect the political power of minority communities against vote dilution

- Ask an independent state demographer to lead on technical work in creating district maps, instead of entrusting political appointees to do all of that work

On the November 2018 ballot, here's what voters will see:

Official Ballot Title as Certified by Secretary of State

Shall the Missouri Constitution be amended to:

- change process and criteria for redrawing state legislative districts during reapportionment;

- change limits on campaign contributions that candidates for

- state legislature can accept from individuals or entities;

- establish a limit on gifts that state legislators, and their employees, can accept from paid lobbyists;

- prohibit state legislators, and their

employees, from serving as paid lobbyists for a period of time;

- prohibit political fundraising by candidates for or members of the state legislature on State property; and

- require legislative records and proceedings to be open to the public?

State governmental entities estimate annual operating costs may increase by \$189,000. Local governmental entities report no fiscal impact.

Wonderful Day At The Joint Council 13 Picnic

Even with the sweltering temp of 104 in St. Louis on the day of the picnic, and a heat index of 110 it didn't keep the Teamsters of Joint Council 13 away from its annual family picnic, and Car Show. Everyone was

served some great BBQ and cool drinks. Kids loved the free tattoos, face painting, and games. Everyone left with a prize.

In addition, we also did a Day of Action to sign the petition to repeal right -to-work

in Missouri. Most of our members had already signed, but we were able to gather tons of signatures from family members. Thanks to everyone who attended, see you next year.

I hope everyone had a great summer. The Fireman Oilers at Boeing have ratified a new 4-year contract with improvements on health and welfare, and wages. now that the signatures have been turned into the Secretary of State the fight is not over we must stay together and strong and remember that we still must vote in November 2018.

I would also like to thank Vice President, Vance Thienes, along with members and retirees who attended the rally in Jefferson City when the signatures were turned in.

Local 618 Report

by Marvin Kropp,
Principal Officer

As most of you know by now the petitions that many of you signed to Repeal RTW have been turned in. It was an overwhelming turnout by organized labor, and many other organizations who attended. Thanks to everyone in Local 618 who helped us in reaching our goal.

Agents and officers have been busy with negotiations; the St. Louis Auto Dealers Association, and Local 618 have begun negotiations as well as Avis Rent-A-Car, and Hartog Oil will start shortly. Contracts recently ratified were Elco

Chevrolet, Schnucks, and C.C. Dillon. Recently Local 618 prevailed in an arbitration with Penske Truck leasing which included a large monetary settlement, and provided more job security for our members. Also with the new change of opera-

tions with YRC, Local 618 will be gaining an additional five new members in the shop.

If you are a Local 618 shop steward be sure to register for the shop steward seminar to be held on Saturday, October 28, 2017.

Also, don't forget about the Teamsters Joint Council 13 Charity Bass Tournament if you would like to fish. Last year we raised over \$19,000 for Snowflake Village at St. Louis Children's Hospital.

by Ed Kimbrell, President,
Teamsters Local 682

I would like to take this opportunity to

Local 682 Report

thank everyone for all the help we received this past year involving Right to Work. With your help, and the help of the staff, members, and volunteers, we have set a historic milestone by successfully meeting all our numbers in eight congressional districts. This was truly a great accomplishment. I could not be prouder of those who gave their time, and hard work to this cause. Again, thank you.

With that being said, it is time for the next round of this fight. We must work tirelessly

to inform our members, family, friends, and neighbors that Right to Work is wrong for Missouri. We ALL must vote. Getting everyone to vote is the key to this campaign's success. We must demand that the things we hold near and dear to our hearts be preserved for us, and the generations that follow us.

I would also like to ask that you not let the people around you sit on the sidelines in hopes we will get it done. This will take everyone's involvement. Remember together we win.

RETIREEES NEWS

Elections Have Consequences

by **Ronald M. Gushleff, Sr., President Eastern Missouri Teamsters Retiree Council**

Brothers and Sisters.

Your Missouri and U.S. elected President, Governor, Senators and Representatives are sworn to and expected to adhere to the following U.S. and State mottos:

Washington, D.C.: "E Pluribus Unum" (Out of Many, One)

Missouri: "Salus Populi Suprema Lex Esto" (The Welfare of the People Shall Be the Supreme Law)

Do you believe your elected Federal and State politicians honor this pledge? Elections have consequences.

Do you wonder how the veterans of the "Greatest Generation" who sacrificed through the horrors of World War II feel when they see on TV the display and flag flying of the Nazi's symbol? Too many gave the ultimate sacrifice in defense of the U.S.A. Before the World War

II apocalypse, there was an earlier secession attempt to violently, by military force, overthrow the Government of the U.S.A. (KKK, terrorist rebels) and destroy the Government, the flag and the democracy of the U.S.A. Aren't you concerned that the P.O.T.U.S. seems to have an oligarchy relationship with the Ex KGB Commissar Vladimir Putin? The "Drumpf Tower of Power" plutocracy seems to have a lapse of memory concerning the struggles for Democracy forced on the U.S.A. (Life, Liberty and the Pursuit of Happiness). Elections have consequences. The "Baron of Bankruptcy" (P.O.T.U.S.) is a vulture capitalist. Wake up Bubba, you've been had. If you're gullible enough to buy his asinine circus elephant excrement, Drumpf is smart enough to sell and feed it to you.

In the State of Misery, slow me state, Jefferson Silly, we have the seal of approval and P.O.T.U.S. wannabe, "Boom Boom" Governor, mini-Drumpf, Eric the Exotic.

This gang of panderers and political purveyors to the largest political donations, is open for business. All you duped and mystified messiah followers, how is that working out for you? Elections have consequences. You all knew he agreed that the people's vote to increase the hourly minimum wage in St. Louis was not what he wanted (\$7.70 minimum is enough), so he vetoed the increase. Right-to-work for less and freeloaders are best for you. Rich get richer, middle class gets poor and poor die. Source of Governor's campaign, purchase of mansion, tax income money – "None of your damn business." This flim-flam carnival blunderbuss has the seal of approval from all the

anti-union, anti-American Union workers, senior citizens and retirees, and anti-livable wage corporate big bosses. He can pander an obscene "strings attached" dark money donation anytime. What a divine celestial and concerned seal of approval to the working class of the State of Misery. To be continued and corrected. Elections have consequences.
